

Investing in Medical Nanotechnologies II

28-29 November 2007

Royal College of Surgeon's of England, London

Connecting Investors, Industry and Innovation

~ Media Partner Package ~

Building on the success of the 'Investing in Medical Nanotechnologies' event in 2006, this year's conference and exhibition promises to spotlight cutting-edge technologies in nanomedicine and routes to finance. The associated exhibition will showcase novel nanotechnologies for clinical applications.

In return for regular promotion through our prospective media partner capabilities, the IoN will acknowledge the Partner organization on all publicity materials (conference database updates, promotional flyers, delegate packs etc).

Media Partners will also benefit from attendance of event at special rates.

Details of the event can be found at <http://www.nano.org.uk>, alternatively please contact Carrie Smith, carrie.smith@nano.org.uk, on +44(0)1786 447520
